Julie,

Looking at the email chain I believe this would be for this Wednesday at 2:30pm Seattle time.

I am available but will be away from the office.

Thank you,

Peter

Julie:

I would like to find a time to talk with Mark and Roylene at 2:30 Pacific on my cell from DC. It would be good to have Peter and Lucy for the call as well. Thanks.

Mark and Ron:

I called your office today to try and touch base with you on the "What's Upstream" issue and Jillian told me you were both out of town for a few days. I would like to give you an update on what's going on and the facts as I know them at this point. It's an unfortunate setback and I want you to know what we are doing and saying and how we are handling a review of the sub-award from the Fish Commission to the Swinomish Tribe. We are clearly in "damage control" mode and I'd like to strategize with you about that. I look forward to talking it through with you. You can reach me at (206) 553-1234.
